

Benefits of HUC 8 Watershed Projects

*“There is no such thing as a hundred year flood”....
“We have a hundred year flood every two years now.”*

Governor of New York
Andrew Cuomo 10/2012

Past & Ongoing Watershed Projects within the Upper Iowa River Watershed

- Projects or practices implemented in the majority of the watershed
- Documented improvements: Reduced N, Reduced P, Increased Clarity in tributaries and at the mouth of the Upper Iowa River
- Reduced flooding documented in Bear Creek

Past & Ongoing Watershed Projects within the Turkey River Watershed

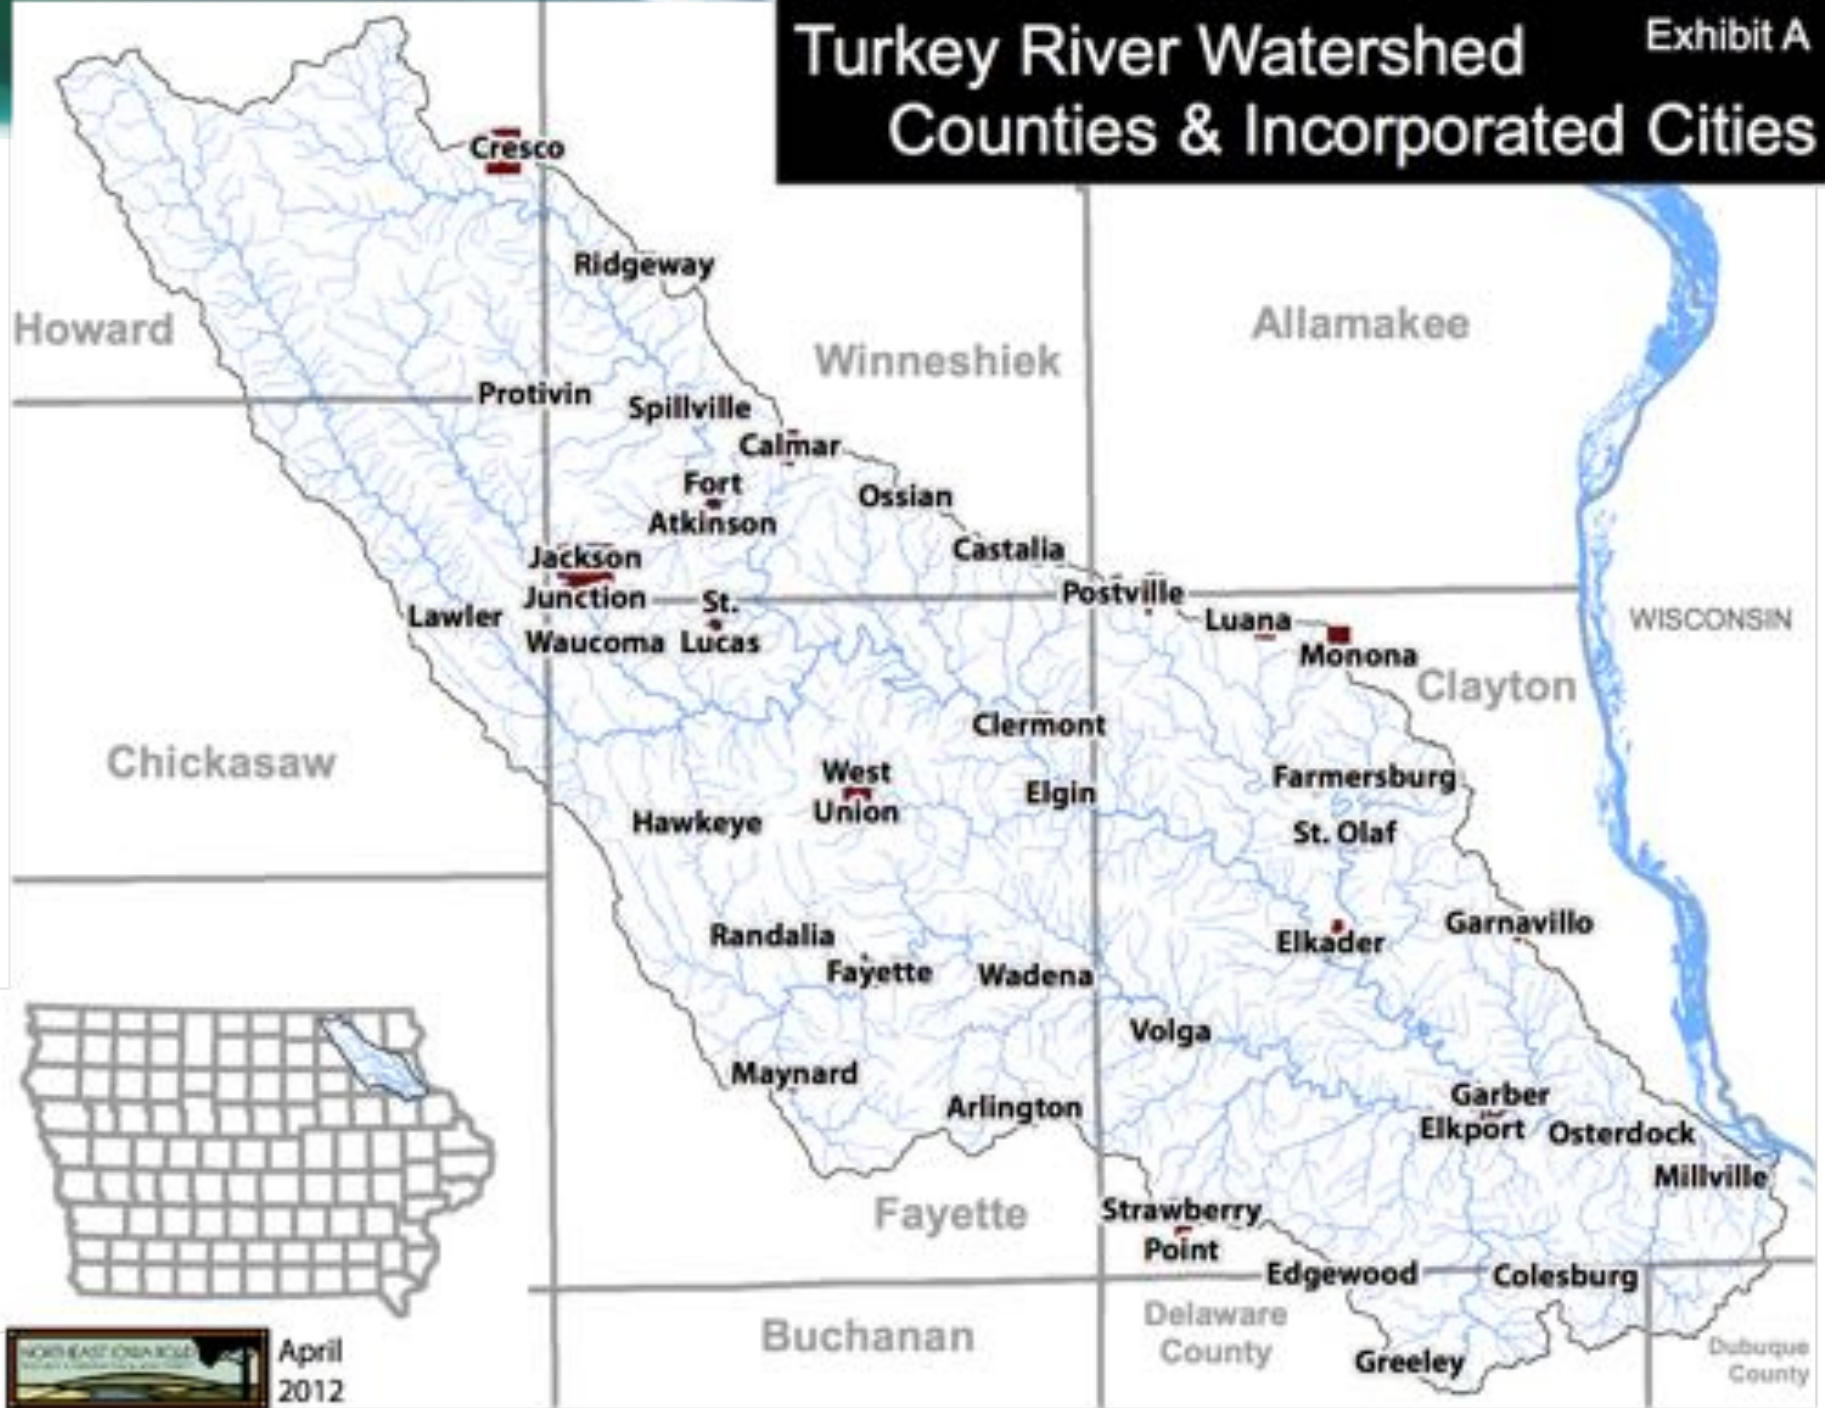

Projects Marked in Blue

- Few projects in the watershed
- Poor water quality and increasing incidence of flooding
