New Business

Ducks Unlimited Water Quality Project - Mike Shannon and Annina Rupe: Shannon and Rupe, have been working with IDALS to identify locations in three sub basins (Boone, South Skunk, and North Raccoon) to implement water quality wetlands. They have created a model to automate the identification of these locations to help speed up the process of getting wetlands on the landscape. They will share more about the results of their project and how it could potentially be replicated in other watersheds.

Iowa Soybean Association – Alex Schaffer, Field Services Program Manager: Schaffer will be presenting about a project called 'Conservation Cropping Systems Demonstration Project'. A portion of this project was conducted in the Upper Wapsipinicon River Watershed.

Watershed Coordinator Update - Ross and Tori:

- 2022 Water Sampling Data
- Development of Statewide WMA Coordination Dollars update
- Upper Wapsi WMA Coordination Funding Update
- Projects update: City of Independence WQI and Chickasaw County Sign Project

Public Comment/ Other Partner Updates: Opportunity for partners in attendance to update the WMA board on upcoming events or related projects.
